Admitted to Probate**

The will of the late Leslie A. Janes of Mokena and Frankfort was admitted to probate on April 4. According to the will, the entire estate of \$20,000 is to go to his widow, Elizabeth, of Frankfort.

Had Mrs. Janes preceded her husband in death, arrangements had been made for setting up a trust fund.

**LETTERS TO
THE EDITOR**

April 9, 1951

It might be of interest to the people of Mokena to know the origin of the People's Party.

An open meeting was held at which time Mr. Arthur Shoop was elected chairman and Mrs. W. R. Hamilton was elected secretary for the purpose of selecting candidates for the office of trustees of the village.

Of the large group in attendance our candidates, Edward Hentsch, Russell Anderson, Robert Hohenstein, and Stanley Williams were the selected nominees from the floor.

Did you know that Edward Hentsch, Russell Anderson and Stanley Williams were previously approached by the opposition to run as candidates on their ticket, but declined because of a difference in viewpoint?

Our candidates have pledged to support fully our platform as published and printed elsewhere in this paper.

THE PEOPLE'S PARTY

Editor News-Bulletin:

I recently received a pamphlet through the mail about a so-called 'People's Party.'

Who and what is the 'People's Party'? Is some one trying to instill 'Chicago type' politics into our village election?

Who is footing the bills for all this campaign? Does some one have an ulterior motive in getting this group in office? It only pays \$5.00 a month.

Could one of the sponsors be interested in getting a license fee reduced? Isn't one of the sponsors one who has lived here less than two years and is now trying to sell his home and move out?

Isn't one of the candidates one who wants to put up pre-fabricated houses here, and ruin the value of our property?

If one of the candidates is so interested in Local business enterprise why were the pamphlets printed in Chicago?

What does their so-called platform really say? Nothing! Everything mentioned there is being done now.

Do we want some one who is not even a property owner representing us and spending our tax money?

All of us had better get out and vote the Independent No. 1 ticket to protect our village, our property and our taxes.

NB Letters to Editor

Dear Mrs. Semmler:

It's springtime and the time when people rake their lawns and work in their gardens. It's the time of year for cleanup, and with the talk of community spirit and service that has been going around I have been wondering why it would not be possible to get the old cemetery cleaned up.

On a Saturday afternoon, a group of 20 men with rakes and shovels could do a lot to fix up the stone markers and level off the ground. Maybe the village fathers could find a way to get a load of black dirt hauled in, and maybe one of the feed stores would donate a little grass seed and the other a little fertilizer. Then maybe the business men would give a little money to put a few posts and cable for a low fence around the plot. It's a small cemetery, and if somebody would take the initiative the place could be made very attractive.

I don't suppose anything will be done though, because it takes a little civic pride and cooperation of the people. Nothing has ever been tried in Mokena like that for a long time and I don't believe we could get anybody stirred up enough to even start.

Mark it down as an old maid's whimsey and let it go at that.

Yours in Community Service,

ELSIE

Editor News-Bulletin:

I didn't know we had a clique or class in Mokena and don't like the idea of having such things in a little village. I don't like people who use such ideas. Then if we are supposed to have a clique, what difference is it which clique we have? I have never heard anyone speak of our present men who run our village in that way. It reminds me of someone who has little knowledge of village business.

And another thing I don't like is trouble makers, and because of that clique idea I am not going to vote for a clique.

**GAS RATES TO
BE REDUCED**

(CNS) Reduction of \$900,000 a year for 330,000 residential and small commercial gas users of the Public Service Company of Northern Illinois was ordered Tuesday by the Illinois Commerce Commission. The reduced rates will go into effect at midnight, April 14.

Meanwhile the company will compensate for the reduction in rates by raising rates for 116 large industrial customers by the same amount. The increase for these customers is about 12 and a half percent. They paid \$7,260,000 in fees last year.

The reduction for smaller users is 14 percent for cooking gas, 4 percent for water heating gas and a small decrease in space heating charges.

The Commerce Commission ordered the new rates to go into effect 30 days after the company filed its new schedule.

The large industrial users who got increased rates are mostly those who buy large amounts of gas under interruptible or off-peak rates which have been unchanged since 1932. The company considers that these customers were not paying a fair share of the company's expenses.

**COMING EVENTS
TO BE LISTED
BY CIVIC ASSOC.**

Do you want your organization listed in a 'Calendar of coming events' to be printed in the News-Bulletin each week?

Mr. F. Berle Needham, secretary of the Mokena Civic Association, is now drafting a calendar and would appreciate having anyone connected with any of the various organizations in the Mokena community advise him the meeting dates of their organizations.

Just mail a post card or phone 2861.

**Mokena Preparing
For Mobile Unit**

Beginning April 21 and continuing on April 23, 24 and 25, the Will County Tuberculosis mobile chest x-ray unit will be in Mokena across from the Mokena State bank on Front street.

The Will County Health Department which sponsors this unit, is urging every adult over 19 years of age in the Mokena area, to take advantage of this opportunity for a free chest x-ray. By this means it will be possible to detect any possible tuberculosis in early stages, as well as other possible chest conditions. By x-raying every adult in the area, every unknown case of tuberculosis can be found and isolated to protect the community from infection and thus be able to stamp out that dreaded disease.

This is why Mrs. Albert Cappel, general chairman, has appointed her committees to work these four days. Mrs. Thomas Powers is the chairman of the Mobile unit workers. Mrs. Hugo Niethammer, neighborhood chairman and Adeline Semmler, publicity.

Mrs. Niethammer and corps of workers will make a house-to-house canvass of the Mokena area on April 17, 18 and 19 to encourage a 100% participation in this drive. When these workers call, they will ask each adult to furnish information needed by the Mobile unit for each x-ray.

A meeting of the neighborhood workers will be held in the Mokena public school April 16 at 8 p.m.

Mrs. Powers expects to contact her workers for the Mobile unit in a few days and is looking forward to a full response.

**W. J. Carmichael To
Talk to Civic Assoc.**

The regular monthly meeting of the Mokena Civic Association will be held at the VFW hall on Wolf road, Wednesday April 18 at 8:30 p.m.

Mr. W. J. Carmichael of Chicago, merchandising and personnel counselor who works with department stores, railroad lines, air lines and chambers of commerce, will be the guest speaker.

Everyone is invited to all meetings of the association which are held on the third Wednesday of each month.

Refreshments will be served.

**ROCK ISLAND
TRAIN DERAILED**

(CNS) A seven car crack railroad passenger train was derailed early Tuesday morning but fortunately no one was injured.

The Rock Island's Joliet to Chicago Banker Special was rounding a long curve at 15th and Cicero in Oak Forest when the last four of seven cars were derailed. The tracks were torn up but the cars did not tip and the passengers were only shaken up.

The train was due at the La Salle Street Station at 8:30. There was a forty minute delay. The passengers of the last four cars were transferred to the three front ones. As yet the cause of the derailment has not been determined.

The Banker's Special diesel passenger train makes a non stop run between Joliet and Chicago.

Servicemen's News

April 1, 1951

Dear Mrs. Semmler:

This letter is being written many miles from our little town of Mokena. I received a copy of your paper the other day from one of the residents and to a very pleasant surprise it brought me back to Mokena.

Actually we moved away about 8 months ago but myself, I consider that I'm one of the natives. This year and a half we lived in Mokena made a deep impression of an ideal small town to live in and I'm sorry not to be one of the residents now. I'm going to make it a point to visit town the first thing I do when I get on that train from the West Coast. But getting to the point, I am enclosing a money order for a year's subscription of The News-Bulletin which is my favorite newspaper. I enjoy it more than any of those big city papers. Every article is written so that I feel I'm a part of each right back in our little town. Be proud of it, there isn't another place like it.

Well I'm sure that you'll be surprised that you're getting subscriptions from people so far away but yet so close!

Respectfully yours,
Roy H. Carlsen.

Editor's Note: It was so nice to hear from Roy, but it makes us feel rather sad to think we are again receiving letters from our boys who are in the service of their country. Seems just a few short years that we were hearing from many of our native boys. Write again when you can, and this goes for all those in service from our area. Roy's address is: Cpl. Roy H. Carlsen, RA 17255851, Signal Service Co. (VHF), 8035th Army unit, APO 301 cte P. M., San Francisco, Calif.

**TWO DAYS FOR

**Under The Cross
Of Malta**

The regular meeting of the VFW on Thursday, April 12 will be the last meeting of the current year. Plan to attend and help with plans for installation of officers to be held soon.

The sale of Buddy Poppies will be discussed. Each year in the past the ladies auxiliary have sold poppies in Mokena, but neither they nor Wm. Martin Post VFW received credit, because they purchased the poppies from another post. This year we hope to have our own supply of poppies and receive all the benefits that are derived from the sale.

Lets keep the ball rolling, bring in those recruits and put the vets into the VFW.—Eino Saarela, publicity.

**Wedding of Claire
Reiter, J. J. Keller**

March 3 was the day chosen by Claire Reiter and James Keller for their early Spring wedding. The couple exchanged vows at 2:15 in the afternoon at St. Jude's church, New Lenox.

The bride is the daughter of Mr. and Mrs. Raymond G. Reiter, Nelson road, New Lenox. Mr. Keller is the son of James Keller, 449 North Morgan Street, Bement.

Rev. Denis Hall read the marriage service. Mr. Charles Carnahan, soloist, was accompanied at the organ by Mrs. Harry Griffin. Mr. Carnahan sang "Ave Maria" before the processional, "The Wedding March", began. Bouquets of carnations and fernery decorated the altar.

Mr. Reiter gave his daughter in marriage. She wore a chapel-length gown styled with a slipper satin bodice, capped sleeves, boat neckline appliqued with bead trim, and a net skirt with satin appliques and bead trim. She wore slipper satin cuffed gauntlets. A white satin cloche held her fingertip French illusion veil in place, and she carried a white, yellow-throated orchid.

Mrs. Wade Krohn, sister of the bride, was matron of honor. She wore a gown styled with a bronze satin bodice, full bronze net skirt, and net bolero jacket. Her gauntlets were of bronze net. She carried a bouquet of talisman roses and wore a headpiece of matching flowers.

George Reiter was best man. Ushers were Harold Reiter and Melvin Reiter.

A wedding reception was held in the Exchange club in the Hotel Woodruff, Joliet, from 3 until 5 in the afternoon. More than 100 guests attended.

For her daughter's wedding, Mrs. Reiter chose a toast gown with matching accessories. Her corsage was of pink roses.

WEDDING ANNOUNCEMENT

Mr. and Mrs. Paul Francis of Francis road, New Lenox township announce the engagement and approaching marriage of their daughter, Dorothy Jean, to Mr. William J. Wilson of Chicago.

The wedding will take place on June 30 at the New Lenox Methodist church.

A lively contested village election for Mokena is being waged by candidates on the Independent Party No. 1 ticket and those on a newly formed ticket, The People's Party.

Last week every voter in the village received a printed folder through the mail, presenting the candidates on the People's Party ticket and stating their platform. A few days later posters were placed in many places in town and on unday a 'Sandwich bicyclist' paraded the village streets. This ticket brought forth the idea of a clique running the village business.

On this ticket are Ed. L. Hentsch, Russell Anderson, Robert Hohenstein and Stanley Williams.

On the Independent No. 1 ticket candidates are: Berle Needham, John Marti, George Bennett and Harold Miller. These men have served their village well.

Harold Miller has been the treasurer for the village for a number of years. Mr. Miller stated to this newspaper, that a story is being circulated about him which is completely false; that he is planning to move away from the village. Mr. Miller stated that some time ago the company with whom he is employed asked him to transfer to another city, which he declined to do, as he told them he has his home in Mokena and wanted to rear his family here. He stated he mentioned the fact to one or two people, that he had been asked to make this move, but that he refused to do so. He said that story is apparently being purposefully misconstrued so as to throw smoke in the village election about him so that persons will not vote for him.

Mr. Miller, besides being village treasurer, has been in charge of collecting the garbage of the village each Saturday and has done a splendid job; dependable in all kinds of weather and most accommodating. He is employed by a printer's ink company in Chicago.

Berle Needham and George Bennett were appointed by the village president, to fill two vacancies caused by the moving to Texas of George Dath and the resignation of Clarence Mast. Being village trustee interfered with Mr. Mast's employment. John Marti, a World War II veteran, has given efficient service along with the other men now serving on the village board.

At the annual Father and Son banquet held at St. John's church, Mokena, last Friday evening, the Rev. Hugo Leinberger, chaplain of Protestants, at the Park Forest housing development, stressed religious unity in a community as much as is possible.

"Just Been Thinkin'"

It is a very encouraging and
pleasant thought, always at night-
fall, to know that somewhere in
this old world there is a light
burning in the window for us, and
that it is welcoming us with an af-
fection just as unconditional as it
is beautiful. Each of us has
travelled somewhat, yet we will al-
ways mention, with a touch of
longing and nostalgia, the begin-
ning of all our efforts, the shelter-
ed place of our youth.

HOME

Whether our day is triumphant
Or we have been dull and
depressed,

We always look back in the evening
To home and our haven of rest.
Often on summer vacations

And always on bitter cold nights
Old memories come to remind us
That home has a thousand
delights.

There constantly comes to our
thinking
The hearth and the hallowing
halls,
The beauty of old-fashioned gardens
The welcoming warmth of the
walls.

We walk into airy adventure
Where the heart has the boldness
to roam,
But somehow, wherever we wander
The soul stays forever at home.

For a long time Mrs. Gray told Mr. Gray
that something ought to be done about the

besides, the family could use an extra room.
And what did Mr. Gray do about it? Nothing.
That is, until the day he was on East

the years has been the doorway to success.
He went in... talked over his problems

Labor Bosses Are Ready To Take Over

By E. B. Gallaher, M. E., D. Eng.
For many years I have been warning that the labor bosses have been actively engaged, with the help of, first, Roosevelt, then Truman, in establishing a Socialist-Labor government in America, much along the lines of the government in England. We now have positive proof that this is a fact, as they are now trying to take over the country, using the present emergency.

We first should get it clear in our minds that we are talking not of organized labor as a whole, nor of unorganized labor. We are talking of a small group of labor bosses who have ganged up and succeeded, with the help of the Government, and the protection given them by the Wagner Labor Act, in organizing great national industry-wide unions which they have seized and control.

The total membership of these industry-wide unions is about 15 million workers, but the actual number of "voluntary" members is certainly not over 7 million. That is to say, there is a possibility that 7 million out of 65 million workers in the country are backing up the labor bosses in their socializing effort, while there are at least 7 million in this immediate group of 15 million who pay dues only because they have to eat, though they disapprove of national unionism and boss rule. This was clearly brought out in the Ohio elections, where organized labor itself was badly beaten by its own members.

With the above in mind, let's look at what has been taking place recently.

The President appointed Charles E. Wilson, of General Electric Co., to take complete charge of our mobilization effort. No better man could have assumed this critical job.

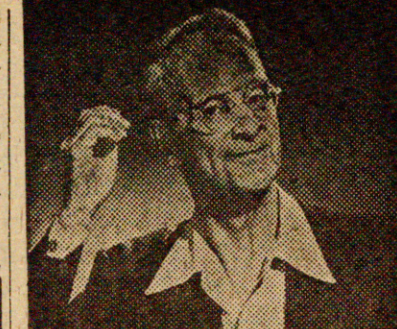

Mr. Wilson called in the labor bosses and placed them in high advisory positions, as advocates for labor, which they in reality were not; but for the moment we will let this point pass.

The labor bosses at once demanded that Mr. Wilson be removed as sole head of mobilization and that a "board" be appointed which would include labor, industry, the public etc. This board to make decisions on a majority vote, instead of the present plan of allowing Mr. Wilson to do the deciding.

Of course, everybody knows what this would mean—labor bosses and the "public" members, appointed by Truman, would do all the deciding—labor would be allowed to pillage without restraint as it did in World War II, and the labor bosses would then become the absolute rulers of the entire nation. They would control all production, all prices, all manpower, all wages etc. The country would then have become a socialized state with a half dozen labor commissars as dictators.

Well, so far it hasn't worked. Mr. Wilson has refused to budge. So the labor bosses strike against the United States at a time of great crisis—walked out, demanding that the whole set-up be changed to meet their demands; then they appealed over the head of Mr. Wilson to the President, in the hope of having Mr. Wilson fired. What happens from here will be very interesting, as it will determine whether we are to remain a free people, or whether we will become slaves of a Socialist-Labor group of racketeers.

An Interior Department official returning to Washington after a trip to California's mighty Shasta Dam, says with relief someone has put a metal plaque on the crest of the 12 million ton structure. The sign reads: "U. S. Government Property. Do not Remove."—Pathfinder News Magazine.

WHAT A RELIEF

From Rheumatic Muscle Pain!
Now you can get quick action, temporary relief from local superficial pains of rheumatism, lumbago, neuritis, bursitis, sciatica, arthritis as well as fatigue and muscular aches and pains of simple colds with the new ointment—SURIN—because SURIN is based on a new application of a principle. It contains an active modern research drug—methacholine chloride, a powerful ingredient to dilate surface blood vessels when applied at the point of pain. SURIN provides double action pain relief. (1) It increases blood supply (2) allows local, relaxing agents, camphor and menthol and local anesthetic to penetrate faster giving quick, temporary relief at the point of pain. In a few minutes you feel the soothing warmth from SURIN. Then follows blessed relief lasting 1 to 3 or more hours. No internal dosing—use SURIN locally. Not an ordinary rub ointment or liniment. SURIN has a new ointment base, creamy-white, smooth. Easy to apply. Will not stain washable fabrics. Quickly washes off in warm water. Money back at your drugstore if not satisfied.

*SURIN is not intended as a cure or treatment of above diseases. It is to be used only for temporary relief of local superficial pain.

This year is the telephone's seventy-fifth and busiest birthday.

What began as a line between two rooms in a Boston attic in 1876 has developed, in one lifetime, into a Long Distance network that covers the nation—and extends to most of the world's telephones.

This great system has grown in answer to the needs of a people. And it's a good thing it has. In these threatening times, the Long Distance lines that bind this country together are more vital than ever.

For today they are helping to speed production and guard the nation's security—jobs that call for nothing less than the best telephone service in the world.

From where I sit... by Joe Marsh

Buzz And The Off-Key Baritone

Reverend Lester of the church
out on Hillside Road coaches his
Young Peoples' Choir late Thurs-
day afternoons—after high school
basketball practice lets out.

Buzz Ellis pastures cows next
to that church. Around 5 o'clock
they used to make a lot of racket
about wanting to go home. That
made it kind of rough on the choir.

When Buzz learned what was
going on he said to Reverend Les-
ter: "I never yet heard of a cow
that could moo on key. So, I'll just
move 'em in a little earlier..."
This started me to thinking. Buzz

doesn't go to that church. And
he's so tone-deaf he couldn't carry
a tune in a bucket!

From where I sit, you might say
that Buzz didn't have much in com-
mon with those singers. But he
doesn't divide folks into groups
he's "with" or "agin." Your polit-
ics, your personal preferences—or
the fact that you like a moderate
glass of beer—mean nothing either
way to Buzz. He's a real neighbor
to everybody!

SURVIVING ATOMIC ATTACK
Probably the most important piece of literature concerning our civil defense which has reached my desk is the Civil Defense Office's publication, "Survival Under Atomic Attack."

I would like, in particular, to make public knowledge of the section of this booklet which is entitled "Six Survival Secrets for Atomic Attack."

The recommendations listed under that section are:

1. TRY TO GET SHIELDED. If you have time, get down in a basement or subway. Should you unexpectedly be caught out-of-doors, seek shelter alongside a building or jump into any handy ditch or gutter.

METHODIST CHURCH
Special sanctuary service, Sunday, April 15 at 10:30 a.m. Sermon subject: "Comforting Views of Jesus." Special music, choir and chorus.

2. DROP FLAT ON GROUND OR FLOOR. To keep from being tossed about and to lessen the chances of being struck by falling and flying objects, flatten out at the base of a wall, or at the bottom of a bank.

Church school 9:30 a.m. Classes for all ages. Visitors and friends welcome.

Special meeting in sanctuary Sunday, April 15, 8 p.m. We are inviting the members, friends, church school and guests. The Methodist Youth Fellowship will sponsor a film, with sound effect, entitled, "Wesley Today." It is telling the story of Wesley Memorial hospital.

3. BURY YOUR FACE IN YOUR ARMS. When you drop flat, hide your eyes in the crook of your elbow. That will protect your face from flash burns, prevent temporary blindness and keep flying objects out of your eyes.

Rev. Dahm, chaplain at Wesley, will be present. Urge your neighbors to come.

Woman's Society of Christian Service will meet Thursday, April 19 at 2 p.m. in the Social Room of the church. Bring your friends with you.

4. DON'T RUSH OUTSIDE AFTER A BOMBING. After an air burst, wait a few minutes then go help to fight fires. After other kinds of bursts wait at least one hour to give lingering radiation some chance to die down.

Quarterly conference will be held Sunday, April 22 at 3:30 p. m. Dr. Rhodes will preside.

The church officials are expected to bring reports.

EPISCOPAL CHURCH OF THE TRANSFIGURATION
Rev. J. Bradford Pengelly,
M. A., B. D., Rector
Palos Village Hall,
123rd and 89th avenue

5. DON'T TAKE CHANCES WITH FOOD OR WATER IN OPEN CONTAINERS. To prevent radioactive poisoning or disease, select your food and water with care. When there is reason to believe they may be contaminated, stick to canned and bottled things if possible.

6. DON'T START RUMORS. In the confusion that follows a bombing, a single rumor might touch off a panic that could cost your life. We should all know these rules by memory. Hoping that we never have to apply them will not protect us if we are under atomic attack. Your military, police and public health forces are preparing on an emergency basis to help Illinois citizens should we be bombed, but it remains your duty to yourself, your family and your community to learn to protect yourself.

CHEVROLET

America's Largest and Finest Low-Priced Car!

Yes, LARGEST...
and the facts speak for themselves

Yes, FINEST...
and here are the plain-spoken reasons

It's **LONGEST** in the low-price field, a full 197 1/2 inches of spirited action and clean, sweeping lines. It's **HEAVIEST** in the low-price field, a staunch and solid 3140 pounds in the model illustrated. It has the **WIDEST TREAD** in the low-price field, a road-taming 58 1/2 inches between centers of the rear wheels. Longer, heavier, with wider tread... that's the measure of Chevrolet's rock-solid value... big in looks, big in handling and riding ease, big in road-hugging performance. Why settle for less than a Chevrolet... when Chevrolet is the lowest priced line in the low-price field.

FISHER BODY QUALITY, renowned for solid and lasting goodness. **UNITIZED KNEE-ACTION RIDE**, smooth and gliding. **VALVE-IN-HEAD ENGINE ECONOMY**, spirited performance at lowest cost. **PANORAMIC VISIBILITY**, with a big curved windshield and large window area. **JUMBO-DRUM BRAKES**, biggest in Chevrolet's field. **SAFETY-SIGHT INSTRUMENT PANEL**, with shielded instrument lights. **POWERGLIDE AUTOMATIC TRANSMISSION**, billion-mile-proved, combined with 105-h.p. valve-in-head engine optional on De Luxe models at extra cost.

Good reasons why MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Statement by Candidates on INDEPENDENT No. 1 TICKET Mokena

After reading the pamphlet recently mailed to Mokena residents entitled 'WHY? A People's Party in Mokena' most people are still wondering WHY.

It is very easy to 'promise' a lot of things, but it takes YOUR tax money to do them.

Who is sponsoring the 'People's Party'? Could it be some one who wants their license fee for doing business reduced? Or some one who would like to see pre-fabricated houses built in Mokena?

Is the 'People's Party' REALLY interested in local business enterprise? Why didn't they have their pamphlets and window posters printed in Mokena?

The Village Board meetings have ALWAYS been open to the public, and are frequently attended by the residents of Mokena.

The water in Mokena is as good as any in this vicinity, according to tests made by the Health Department, and one of the sponsors of the 'People's Party' was so informed by the County Health Department.

EVERY CANDIDATE for Village Trustee on the ticket of the INDEPENDENT NO. 1 Party is a long time (12 years or more) resident and property owner in Mokena, and we ARE NOT sponsored by a few disgruntled people who would like to take over YOUR Village affairs and run them for the benefit of a few.

Regardless of any 'promises', the only way for the Village to spend more money than they now receive is to INCREASE YOUR TAXES.
